

Anti-Bribery and Anti-Corruption Policy

1. Introduction and Summary

- 1.1. Luminescence International Limited (“**Luminescence**”) demonstrates a zero-tolerance to bribery and corruption. This Anti-Corruption and Anti-Bribery Policy, including its appendices and sub-policies (collectively the “**Policy**”), provides a general framework and sets out the key principles for ensuring that we do business in a compliant, fair, lawful, and transparent way, in accordance with all applicable anti-corruption and anti-bribery laws (“**Anti-bribery Laws**”). This Policy applies to all employees, officers, directors, agents, and any other representatives of Luminescence, and all third parties performing services for or on behalf of Luminescence in all countries or territories and shall be communicated to them at the outset of the business relationship.
- 1.2. This Policy aligns with the requirements of the UK Bribery Act 2010, the Foreign Corrupt Practices Act (FCPA), and national laws regulating Bribery offences. In some cases, local laws and regulations may be more restrictive than this Policy; where that is the case, the more restrictive rules must be followed when regulating bribery and corruption.

- Lawfulness, fairness, and transparency: Luminescence and anyone acting on its behalf will conduct business honestly, in accordance with local anti-bribery laws in countries where it operates, without giving and/or receiving anything of value for the purpose of encouraging improper performance or gaining an improper advantage.
- Reasonableness and justifiability of hospitality: Luminescence appreciates that the practice of giving business gifts varies between countries and regions. When giving and/or receiving a gift or hospitality, the test to be applied is whether in all circumstances the gift or hospitality is reasonable, justifiable and in accordance with applicable local anti-bribery laws. The intention behind the gift must always be considered.
- Due diligence: Luminescence employee or any representative operating for or on its behalf must perform due diligence tests before engaging with a third party in order to identify and minimize the bribery and corruption risks involved. It is important to monitor the integrity of third parties, be alert and report potential breaches of this policy.

Appendix 1 set out examples of good and bad practices.

4. Third Parties
